- Introduction -

In THE BOOK OF THOTH, which is THE EGYPTIAN TAROT, the Number 19 corresponds to "*THE ARCANUM 19: "THE INSPIRATION: THE RADIANT SUN" that announces "Successes. Good luck. The Philosophical Stone". "This is the ARCANUM OF THE ALLIANCE or of Victory".*"

"It is obvious that the Arcanum 19 establishes a Great Alliance between man and woman, an Alliance to perform the Great Work. That Great Alliance has many aspects. The Gospel speaks of the need for Wedding Garment. Let us recall the wedding where one had no wedding garment on, and they bound him, and the Lord ordered to cast him out into the darkness where only the gnashing of teeth is heard (*Matthew 22: 1-14*). That famous garment is the Egyptian Sahu, or To Soma-Heliakon in Latin, namely, the Solar-Man's Golden Body, the Wedding Garment to take part in the Banquet of the Passover Lamb. So it is necessary to come to understand that in order to get that body, the Great Alliance, the work in the Ninth Sphere between the Man and the Woman, is needed." (*V.M. Samael Aun Weor*).

"To reach full enlightenment, the Knight must be fully integrated with his Lady and fight for her at all times until THE LOTUS OF 1,000 Petals is developed. In the Great Marriage, or Alchemical Weddings, of Manas-Buddhi, the Buddhi gives Enlightenment [*El Matrimonio Místico de Tiphéret con Maljhut (The Mystic Marriage of Tiferet with Malchut)*], the Sahasrara Chakra of 1,000 petals cannot have full development without it. That divine

spark on the Pineal Gland gives Enlightened Intuition along with Poli-clairvoyance. It is the total triumph. Enlightened Intuition is better than a Clairvoyance. The Spiritual Sun is what matters. The Midnight Sun guides and orients us. "We must expect everything from the West, do not expect anything from the East." The Sun Sirius is the Central Sun, gravitational point of the Milky Way." (*V.M. Samael Aun Weor*).

"SYNTHESIS:" "THE PHILOSOPHICAL STONE IS THE SEMEN." "He who practices Sexual Magic every day is working with the Philosophical Stone." "ALL WE NEED TO WORK WITH THE PHILOSOPHICAL STONE IS TO HAVE A GOOD WOMAN." (*V.M. Samael Aun Weor*).

"This Arcanum teaches us that through the transmutation we reach Final Liberation."

"ESOTERIC MEANING OF THE ARCANUM:"

"This Arcanum No. 19 is the Arcanum of the Alliance. It represents the "CREATIVE FIRE", the Philosophical Stone. To perform the labor of the Great work, we have to work with the Philosophical Stone. The ancients worshiped the Sun under the symbolic figure of a BLACK STONE. THAT IS THE HÉLIOGABALE STONE! That is the Stone that we must lay for the foundations of the Temple. That Stone is Sex, represented by the Philosophical Stone, the Héliogabale Stone. Without that Stone, the LONG LIFE ELIXIR cannot be attained. The two columns of the Temple, Jachin and Boaz, are the Man and the Woman in alliance to work with the Philosophical Stone. Whoever finds the Philosophical Stone becomes a God. Those who build upon the lively Stone will incarnate the Word. Those who build upon the sand will fail, and their buildings will roll into the Abyss. Those Sands are Theories, Dead Religions, etc., etc. The Arcanum 19 is the Arcanum of the "WORK OF THE SUN".

The Man and the Woman who hold hands and the Sun shining on them indicate to us that this Arcanum is related to the Mystery of Fire. The Sexual aspect of this Arcanum is found in its Kabbalistic sum: $1 + 9 = 10$; this is a deeply sexual number, in it there are the Circle and the Line, the mysteries of the Lingam-Yoni; it is possible to attain Self-Realization only through Sexual Transmutation, this is the holy alliance between Man and Woman for the Great Work..." (*V.M. Samael Aun Weor*).

THE MAHDI AND HALLEY'S COMET

In an ancient Hindu Astronomical Text called "Parashara Samhita", a sequence of 26 comets in chronological order is mentioned. In the list, the first Comet begins with the "Flood", that is to say, with one of the last Floods, and the last... comet in the list of "Parashara" is Dhumaketu, the Smoky-Comet, Halley's Comet.

"Dhumaketu in Sanskrit means Lord Ganesh and the Comet."

In Islam there is the tradition that before the appearance of the "Mahdi", or The Spiritual Guide, in the End Times, Halley's Comet appears first.

"... the prediction of a comet before the appearance of the Mahdî is a legitimate belief in both Sunnî and Shi'î Islam..."

"A Star with a luminous tail will rise from the east before Hasrat Mahdi (as) emerges." (*Al-Barzanji, Al-Isha'ah II-Ashrat al sa'ah, p. 200*).

"THE SIGHTING OF A COMET IS ONE OF THE PORTENTS OF THE COMING OF HAZRAT MAHDI (AS) A star with a luminous tail will rise from the east before Hazrat Mahdi (as) emerges. (*Al-Barzanji, Al-Isha'ah li-ashrat al-sa'ah, p. 200*).

"Halley's comet passed by the Earth in Hijri 1406, or 1986 AD. This comet is a bright, luminous star. Before he [Hazrat Mahdi (as)] arrives, a comet will appear in the east, giving out an illumination." (*Ibn Hajar al-Haythami, Al-Qawl al-Mukhtasar fi Alamat al-Mahdi al-Muntadhar, p. 53*)."

"Halley's comet travels from east to west. This final passage of the comet in the End Times heralds the appearance of Hazrat Mahdi (as), as revealed in the hadiths. The star's rise will occur after the eclipse of the Sun and the Moon." (*Al-Muttaqi al-Hindi, Al-Burhan fi Alamat al-Mahdi, p. 32*).

"Halley's comet appeared in the wake of the eclipses of the Sun and Moon in 1981 and 1982, or Hijri 1401-1402."

"BEFORE HE [THE MAHDI] ARRIVES, A COMET WILL APPEAR IN THE EAST..." "*(Al-Qawl al-Mukhtasar fi 'Alamat al-Mahdi al-Muntazar, p. 53)*."

"A last great miraculous and sign of Halley: the appearance of Halley in 1986 (Hijri 1406 according to the Islamic calendar) is its 19th appearance since 607 AC, the year when the Prophet Mohammed (may God bless him and grant him peace) was honored with prophecy."

"... the appearance of Halley's comet, which last passed by the

Earth in 1986 (1406 according to the Islamic calendar) needs to be evaluated in this light. This comet, which passes by the Earth only once every 76 years and which always herald important events whenever it does so, is revealed in the hadith of our Prophet (saas) to be one of the portents of the coming of Hazrat Mahdi (as)..."

"Significant events that have taken place during the passage of the comet:"

"- The Prophet 'Isa (as) was born."

"- Our Prophet (saas) began receiving the first revelation."

"- The Ottoman Empire made its appearance."

"- This comet was seen when Constantinople was captured by Sultan Mehmet the Conqueror."

"The latest passage of the comet in 1986 (in the 1400s according to the Islamic calendar) is also determined in the sight of Allah to coincide with the years of the coming of Hazrat Mahdi (as) as part of the destiny created by Him. It is significant how this portent, one of the signs of the coming of Hazrat Mahdi (as) described 1430 years ago as "a comet shedding illumination from the east" **was fulfilled as people watched the passage of this comet, a major celestial phenomenon.**"

THE NUMBER 19

THE MAHDI AND THE

APPEARANCE OF HALLEY'S

COMET

"... Imam Rabbani provides the following information about the comet which is one of the signs of Mahdi: A tailed star will be born from the East and spread its light. Its daily direction will be from East to West. (*Imam Rabbani, Letters of Rabbani, 2-1170*). Throughout history, the appearances of comets have been the times of very important developments happened for Muslims. Indeed, some of these developments became milestones in Islamic history. Some of these occurrences were narrated by the people around the Prophet (may God bless him and grant him peace): When this comet first appeared; The people of the Prophet Noah (pbuh) perished. The Prophet Abraham (pbuh) was cast into fire. Pharaoh and his people who fought against the Prophet Moses (pbuh) perished. The Prophet Yahya (pbuh) passed away. When you see that comet, take refuge in God from the evil of fitnah (tribulation). (*Al-Muttaqi al-Hindi, Al-Burhan fi Alamat al-Mahdi Akhir al zaman, p. 32*)."

"Other important occurrences that are said to have happened with the appearance of this comet are as follows: Jesus (pbuh) was born. Our Prophet (may God bless him and grant him peace) started to receive the first revelation."

"It is interesting that some figures pertaining to the comet is the multiples of number "19." The newspapers in 1986 revealed the first photographs of the comet Halley... Halley appears every 76

years; $76 = 19 \times 4$. This comet was last seen in 1406 [*] (according to the Islamic calendar) $1406 = 19 \times 74$."

* Year 1406 of the Islamic calendar corresponds to Year 1986 of the Gregorian calendar.

"The following is also interesting: as we calculated above, 1406 is 74 times of 19. "74" is also the... number of the Surat al-Muddaththir, the surah which refers to the miracle of 19 in the Qur'an."

"The 30th verse of Surat al-Muddaththir (surah number: 74) reveals that the number "19" is a means of mercy for believers and fitnah (tribulation) for disbelievers. This striking relation of Halley with the number 19 may indicate a fitnah (tribulation) upon disbelievers and a mercy on believers."

"The 1st and 2nd verses of the Surat al-Muddaththir is, God commands to our Prophet (may God bless him and grant him peace) "You who are enveloped in your cloak! Arise and warn." The meaning of these verses are explicit. Yet, these verses may also have a second covered meaning that refer to the End Times. The word, "(the one) enveloped in cloak" may well refer to the Mahdi who is from our Prophet's (may God bless him and grant him peace) descent and whose appearance will be signaled by the rise of the Halley in 1406 [*] (the Islamic calendar).

Al-Muddaththir (Surah 74)

74/1 You who are enveloped in your cloak!

74/2 Arise and warn. Muddaththir: someone who conceals [or is Concealed...], hides himself".

Surah 74. Al-Muddaththir

The One Wrapped Up

In the name of Allah, Most Gracious, Most Merciful

* Year 1406 of the Islamic calendar corresponds to Year 1986 of the Gregorian calendar.

**THE HOLY QUR'AN
AND THE SURAH
74:30-31**

"30. Over it are Nineteen."

"31. And We have set none but angels as guardians of the Fire; and We have fixed their number only as a trial for Unbelievers – in order that the People of the Book may arrive at certainty, and the Believers may increase in Faith – and that no doubts may be left for the People of the Book and the Believers, and that those in whose hearts is a disease and the Unbelievers may say, 'What symbol doth Allah intend by this?' Thus doth Allah leave to stray whom He pleaseth, and guide whom He pleaseth: and none can know the forces of thy Lord, except He. And this is no other than a warning to mankind." (*The Holy Qur'an Translated by Abdullah Yusuf Ali*).

"74. WRAPPED IN HIS CLOAK

After his first encounter with the Angel of Revelation in the Cave of Hira, the Prophet went home trembling and asked his wife to cover him with his cloak. The first verses of this Meccan sura were then revealed (verses 1–7). The sura goes on, in a section from a later period, to remind the obstinate disbelievers of their fate on the Day of Judgement (verses 8–10) and a specific

opponent of the Prophet is singled out (verses 11–31). The end of the sura (verses 39–53) exposes the foolishness of the disbelievers' attitude to the Revelation and the Day of Resurrection."

"In the name of God, the Lord of Mercy, the Giver of Mercy".

"30 there are nineteen [angels] in charge of it— 31 none other than angels appointed by Us to guard Hellfire— and We have made their number a test for the disbelievers. So those who have been given the Scripture will be certain and those who believe will have their faith increased: neither those who have been given the Scripture nor the believers will have any doubts, but the sick at heart [from doubt and hypocrisy] and the disbelievers will say, 'What could God mean by this description?' God leaves whoever He will to stray [whoever wants to go astray] and guides whoever He will [whoever wants to guide himself]—no one knows your Lord's forces except Him— this [description] is a warning to mortals." (*"Koran. English. The Qur'an / a new translation by M. A. S. Abdel Haleem. p. cm. — (Oxford world's classics) Originally published: 2004. Includes bibliographical references and index."*).

THE APPEARANCE OF HALLEY'S COMET IN THE YEAR 1986

"In 1986 (Hijri 1406), Halley's comet passed by Earth. The comet is a bright, shining star that travels from East to West. This happened after the lunar and solar eclipses of 1981 and 1982 (Hijri 1401-1402)."

"The concurrence of this star's rise with other signs of the Mahdi's emergence indicates that Halley's comet is the star pointed to in the hadith."

"A star with a luminous tail will rise from the East before the Mahdi emerges. (*Muhammad ibn 'Abd al-Rasul Barzanji, Al-Isha'ah li-ashrat alsa'ah, p. 200*)..."

"A comet will be appearing in the East, giving out illumination before He arrives. (*Ibn Hajar al-Haythami, Al-Qawl al-Mukhtasar fi `Alamat al-Mahdi al-Muntazar, p. 53*)..."

"The rise of that star will occur after the eclipse of the Sun and the Moon. (*Al-Muttaqi al-Hindi, Al-Burhan fi Alamat al-Mahdi Akhir al-zaman, p. 32*)."

"As referred to by the hadiths..."

"The Ottoman Empire emerged. Constantinople (Istanbul) was conquered by Sultan Mehmed II..."

"A last great miraculous and sign of Halley: the appearance of Halley in 1986 (Hijri 1406 according to the Islamic calendar) is its 19th appearance since 607 AC, the year when the Prophet Mohammed (may God bless him and grant him peace) was honored with prophecy."

"... the appearance of Halley's comet, which last passed by the Earth in 1986 (1406 according to the Islamic calendar) needs to be evaluated in this light. This comet, which passes by the Earth

only once every 76 years and which always herald important events whenever it does so, is revealed in the hadith of our Prophet (saas) to be one of the portents of the coming of Hazrat Mahdi (as)..."

GANESHA OR DHUMAKETU AND HALLEY'S COMET

The approach of Halley's Comet, or "Dhumaketu", to our Planet Earth in the year 1986 is its "last return" for our current Humanity before the Final Cataclysm that is approaching, which is an evident Sign that we are at the end of Kali Yuga in which the Kalki Avatar of the New Age of Aquarius has come at the End Times.

Hindu traditions refer to the last Reincarnation of God Ganesha, or Ganapati, being born in the age of Kali Yuga, the Iron Age in which we are now, as "Dhumaketu", or "Dhumraketu" (one of God Ganesha's Names), the name that in the ancient Sanskrit Texts was given to the comet now called by the name of Halley's Comet...

Ganesha, or "Dhumaketu", in his Reincarnation in this Kali Yuga Age, is represented with two arms... and riding on his Horse...

Ganesha, or Dhumaketu, is often mistaken for The Kalki Avatar.

This apparent "confusion" in the ancient Sanskrit Texts between

the "Kalki Avatar" and "Ganesha", or "Dhumaketu", is a Veil that Conceals an Esoteric Teaching.

While it is true that there is an Inward relationship between the Kalki Avatar of Aquarius, which is our Venerable and Beloved Master Samael Aun Weor, and "Dhumaketu", or "Ganesha", it should not be understood that the Kalki Avatar is Dhumaketu, or Ganesha.

It means that Ganesha, or Dhumaketu, Reincarnated in the last days at the end of times comes with HIS SWORD OF KNOWLEDGE, OR GNOSIS, to continue and conclude the Work and Mission of the Kalki Avatar of the New Age of Aquarius at the end of Kali Yuga.

Between the end of the year 1985 and the first months of the year 1986, Halley's Comet, called in the Vedas "Dhumaketu", or "Dhumraketu" (one of the Hindu God Ganesha's Names), approached the Sun and our Planet Earth again on its cyclical journey approximately every 76 years...

Comet Halley's perihelion passage, or closest approach to the Sun, took place on February 9, 1986.

After having traveled through Space for about 76 years, Dhumaketu or Halley's Comet returned again. It started to become visible from the month of December of the year 1985, but in the month of January it was hidden below the horizon. In the month of February 1986, it passed through perihelion, or closest approach to the Sun.

The best observation of Dhumaketu, or Halley, in Argentina was in the month of April of the year 1986 in the constellation of Sagittarius.

In the year 1991, a gigantic explosion was detected on Halley's comet, suddenly increasing its brightness up to 300 times, and providing it with an extensive cloud of dust for several months. In the science media about astronomy, it is said that "It is not known whether this event was caused by a collision with an unknown piece of rock or by internal processes (a last "sigh" on the way out)", or better, of Transformation, Releasing the energy "stored in the interior of the comet's nucleus..." to shape a New Life...

Its next return would occur in the year 2061, but according to the aforementioned events, it is believed that its coming in the years 1985-1986 could possibly have been "the last return of Halley's Comet..." for our current Humanity, "the last generation" shortly before the Cyclical Closure of our current Fifth Root Race, as happened at the end of Atlantis.

Scientific observations of Halley's comet made in the year 1994 evidence that the comet is "completely inactive" for now...

According to recent data sent by the Vega probe, Halley's comet's nucleus has an elongated shape of approximately 11 kilometers, and a width of about six kilometers.

Dhumaketu, or Ganesha, is Shiva, the Holy Spirit, Thoth Hermes, and Anubis or Hermanubis:

Ganesha Is "the Elephant-Headed God of Wisdom, the Son of Siva. He is the same as the Egyptian (God) Thoth-Hermes, and Anubis or Hermanubis. (...) As the God of Wisdom and He who Removes Obstacles, He is invoked at the commencement of any important undertaking, likewise at the beginning of books..." (V.M. H.P. Blavatsky, "Theosophical Glossary" [English and Spanish Edition]).

"Mercury is also "HERMES-ANUBIS", the good inspirer or AGATHODAEMON. As the Bird of Argus, he watches over the Earth, which mistakenly considers him to be the sun itself, being both the Hindu SARAMA and SARAMEYA, respectively."(...)"

"Mercury is the THIRD LOGOS, SHIVA, THE HOLY SPIRIT, the Firstborn of Creation, our authentic, particular, divine Monad..." (*Venerable Master Samael Aun Weor, "The Three Mountains", "Chapter XXVII" "The Holy Sepulcher"*).

Ganesha, or Dhumaketu, The God of Wisdom, is under others of His Countless Names: Thoth-Hermes, Anubis or Hermanubis, Mercury, Agathodaemon, the Third Logos, Shiva, the Holy Spirit.

Anubis, Hermes-Anubis, Thoth-Hermes or Thoth-Moses, Ganesha or Dhumaketu is the Divine Hierarch of the Law of God, "THE GOD OF WISDOM WITH COUNTLESS NAMES", THE WOLF-SPIRIT GOD...

In the first months of the year 1986, with the appearance of Halley's Comet, my Inner Master received The First Initiation of Major Mysteries, when we were carrying out the Gnostic Mission in Buenos Aires, Argentina.

They were the Times of THE FIRST REVELATION... of my First Spiritual Birth.

The best observation of Dhumaketu, or Halley, in Argentina was in the month of April of the year 1986 in the constellation of Sagittarius.

On May 19, 1991 I was Revealed my Inner Master's Inmost, Esoteric, Occult, Spiritual Name: MOISÉS, he who Guided the People of Israel in the Exodus from Egypt to Sinai and to the Promised Land, coinciding with the gigantic explosion detected

"on Halley's comet, suddenly increasing its brightness up to 300 times..."
